

LIFETIME WARRANTY PROGRAM: AIREND, SUMP, AND OIL COOLER (ASO)

The lifetime **ASO** warranty is valid for original purchaser of a **Knight Air Compressor (KAC)** rotary screw compressor only and is not transferable. The warranty does not cover abuse, neglect of service, improper installation, or compressor ingestion of foreign or corrosive substances/objects. The lifetime warranty covers the parts replacement of the ASO only. It does not cover labor, expedited shipping, rental or downtime cost. For the compressor ASO to be included in the lifetime ASO warranty program; the following procedures must be followed and documented on the compressor service form during the lifetime of the compressor.

Items not covered in the lifetime ASO are general wear parts including: oil seals, filters, belts/drive couplers, inlet valve, seals/O-rings, oil lines, air lines, electrical control components and pneumatically operated controls. These components are covered under the standard KAC rotary screw warranty.

The package drive motor is covered by the drive motor manufacturers' warranty after the first 12 months of installation. Three phase drive motors are warranted for 36 months from date of installation on rotary screw compressors. Single phase drive motors are warranted for 18 months from the date of installation on rotary screw compressors. If a failure occurs after the first 12 months; contact KAC for the closest drive motor warranty facility. The drive motor manufacturer's repair facility will evaluate any drive motor that has failed after the first 12 months for any potential warranty. Any expense incurred from the drive motor repair facility is not covered by KAC.

To be enrolled in the Lifetime ASO warranty program the following must be adhered to:

1. Fill out the compressor installation sheet and send it in to KAC within the first 30 days of installation.
2. Purchase a full year lifetime warranty service kit at the same time the compressor is purchased.
3. Purchase a lifetime warranty service kit each subsequent year for the entirety of the warranty period.
4. Service the compressor only with KAC OEM parts during the entirety of the warranty period. This includes (but is not limited to): belts, seals, filters, O-rings and oil.
5. Maintain copies of maintenance logs for the air compressor for a minimum time of 36 months prior to any compressor failure. (If a failure occurs within the first 35 months or less a maintenance log must be kept covering the time from installation to failure)
6. Submit and oil analysis at least once per year to KAC or KAC authorized distributor.

If at any time during the compressors operation non-OEM parts are used on the compressor or repairs are carried out without prior KAC authorization the warranty can be void. Any warranty claim can not be processed unless the distributor/service center account is in good standing with KAC.

KAC is not liable for any loss of profit, loss of production, loss of income or contract or any indirect or consequential damage.

If a failure occurs during the warranty period KAC will need an oil sample, photos of the compressor's general appearance at the time of failure and copies of the maintenance log. Without these the warranty can not be processed.

If at any time during the compressors operating life the package is struck by lightening, involved in a fire, flood, hurricane, tornado, earth quake or other natural disaster then the warranty for the package is void.

Lifetime warranty kit part number (NK31 Airend, NK31-LWKT) (EVO3 Airend, EVO3-LWKT) (EVO6 Airend, EVO6-LWKT) (NK200 Airend, NK200-LWKT) (RS3 Airend, RS3-LWKT) (RS6 Airend, RS6-LWKT) (RS8 Airend, RS8-LWKT) These kits must be purchased for the Lifetime warranty to be active and to continue the warranty **NO exceptions**.
